

October 17, 2025: On Tonight's Movie - Bandits

Two friends and convicts, Joe and Terry, **break out of Oregon State Penitentiary** in a **concrete mixing truck** and start a bank robbing spree, hoping to fund a dream they share. They become known as the "Sleepover Bandits" because of their modus operandi: they kidnap the manager of a target bank the night before a planned robbery, **then spend the night with the manager's family**; early the next morning, they accompany the manager to the bank to get their money. **Using dim-witted** would-be stunt man **Harvey Pollard** as their getaway driver and lookout, the three successfully pull off a series of robberies that **gets them recognition on the FBI's Ten Most Wanted list**, and ultimately the **reward** for information **leading to** their capture is increased to **\$1 million**.
